

ANCHOR SECURITY PANELS CASE STUDY, 2008

Date: 2008 installation date

Customer: Hamilton City Council

Site: Waikato Stadium

Location: Hamilton

Product: Anchor Security Panels - Made in New Zealand by Anchor

Application: Security

Detail:

Waikato Stadium is the premier sports and entertainment venue in the greater Waikato region. It has a capacity of 28,500 and is regularly full for international fixtures. It is also home to the Waikato Chiefs (Super Rugby), Waikato Rugby (NPC) and has hosted All Black test matches.

The stadium was opened in 2002 and will feature as a venue for the 2011 Rugby World Cup. The site also hosts numerous corporate events and has extensive entertainment facilities.

Anchor Security panels were installed in 2008 to improve security to the site, they also aid crowd control and flow on match days.

Our panel fencing continues to be selected for installations on key national stadia including;

North Harbour Stadium (North Shore) | Mt Smart Stadium(Auckland)
Westpac Stadium (Wellington) | Rugby Park (Whangarei)
Paeora Domain (Thames) | Growers Stadium (Counties)

Anchor has a wide range of fencing solutions that can assist your next facility project;
